*Complete this worksheet during class and turn it in at the end. Please **print your full name above** to ensure participation credit.*

Data Analytics and Visualization: Week 1 - Thinking about data

In-class questions

What information is contained in this plot?

Which data organization is most logical to you?

What *visual dimension* is encoding each piece of information?

Which encoding scheme seems most valuable?

Reflection (*complete at the end of class*)

Did these concepts seems obvious or obvious in *hindsight*?

Have you used any of these libraries before?
